

# Opulence Groups Unleashing Growth Potential

**Growth is an  
extraordinary  
emergency for us.**

10x Growth

# ONE WORLD MOVEMENT

A Movement Towards  
Prosperity and  
Happiness.

[y2mate.com](http://y2mate.com) - [What If the World Was A Single Country](#) [IEhyAOunq28\\_1080p.mp4](#)

## ONE WORLD

A world which endeavors to create beautiful balance between societies, people, culture, and business using the route of Spirituality.

# OUR MISSION

- As Part of one world Initiative , we dream and aim for a world with abundance of happiness and prosperity for all and effort is to reduce the Gap between 1% people who hold 99% of wealth and power and 99% people who are always in struggle and state of scarcity and unhappiness.
- The BIG IDEA is to achieve scale and speed in whatever great things happening in the world.

# OUR VISION

- Building a thought that transcends religion and embraces humanity.
- A society that transcends division based on wealth, cast and religion and embraces unity and equanimity based on social justice and humanitarian values.
- A society equal in spiritual and economic wealth for the entire world One world. One family united by one philosophy
- आज की सोच कल के लिये

# What Intrigued Us To Work Towards One World

- A great deal of time, money and resources are spent defending these arbitrary constructs. Millions of lives have been lost to protect the integrity of something entirely made-up.
- Politicians make a living out of separations of nations.
- Borders, or barriers to migration, are causing enormous losses to the global economy.
- The rich is getting richer and the poor poorer.
- Humans have lost ‘humanity’ because of the rising needs & wants.

# ROOT CAUSE OF ALL MAJOR PROBLEMS

## Cause

- Income inequality.
- Top 1% of the population holds 99% of the world's wealth. It leaves rest 99% to fight to claim their stake in rest 1%.

# WHICH PROBLEMS WILL IT SOLVE?

- Rise of terrorism
- Growing household debt
- Leading to health problems
- Political instability
- Higher crime rates
- Poverty
- Low welfare
- Illiteracy
- Global warming

# HOW IT WILL BE ACHIEVED?

## The Process

- Spiritual science intelligence is the only guiding force which can be simplified in all day to day life of human being mainly in making leaders like spiritual entrepreneur leader , spiritual socialist, spiritual politician, Spiritual educationist and all others streams.
- Connecting dots and creating aggregation of ecosystems is required in all field with a strong fundamental values of spiritual science with has nothing to do with religion.

# Four Verticals

## One Spirituality

- Where all religion and belief systems, ideologies work for only betterment of Humanity and Earth

One Spirituality  
(AURA INDEX)

## One Leadership & Policy

- Where all political leadership work for common one policy, Constitution and reforms or referendum which is achieving one world objective

One Leadership  
& Policy  
(PROSPERITY  
INDEX)

One Business  
(Ease Of Doing  
Business  
Index)

## One World Movement

## One Business

- Smart aggregator ecosystem for each sector to disrupt the whole sector by aggregator online platform and offline

One Society &  
Culture  
(HAPPINESS  
INDEX)

## One Society & Culture

- A society where Religion is not a property for people rather a medium to share positive thoughts and the true spirit and essence of each religion, where we respect and welcome different religions.

# Four Index

## EASE OF DOING BUSINESS INDEX

EODB index focuses on bridging the gap between the dreams and the reality. The prime target is to make a business friendly platform by making pro-business policies and regulations.

## HAPPINESS INDEX

The happiness index shows the satisfaction in the lives of people. It shows the number of people who are able to fulfill and live their dreams.

## AURA INDEX

1 To gain an overall understanding of life everyone needs to gain enlightenment in spirituality. This understanding is measured by an index called aura index.

## PROSPERITY INDEX

3 Prosperity index to ensure each individual is prosperous and has sufficient supply of wealth and resources to achieve happiness. The index measures the amount of combined prosperity level of each individual.

# OPULENCE GROUP

A Global Resource Bank

# Range of Services

- 1. Investment Banking :** Our investment banking division serves governments, corporations, and institutions by providing underwriting (capital raising) and mergers and acquisitions (M&A) advisory services. We act as intermediary between investors and corporation. We have professional advice to a large client base that includes leading Indian companies, global corporations and private equity funds.
- 2. Consultancy:** In this competitive business environment, companies are looking for unique ways to grow and increase their market share. Our team takes strategic approach to problem solving. By exploring all angles to the challenges our team provides useful and practicable solution to clients. We help businesses to improve their performance and grow by solving problems and finding better ways to do things.
- 3. Financial Advisory:** Financial have grown drastically in last decade. Our team works with the large number of private funds such as hedge funds and private equity to provide beneficial deal to our clients.

**4. Assets Management Company:** Our asset management division develops and manages relationships with high-net-worth individuals, their families, family offices and select foundations and endowments. Our team works to develop and execute thoughtful investment solutions for our diverse client base which includes corporate and public pension funds, foundations and endowments, insurers, financial institutions and governments.

**5. Private placement:** Capital is integral to build and grow any business. Our team provides an alternative for capital raising through the service of private placements. We help the clients to sale their securities to relatively small number investors. Our team makes sure to facilitate this process by finding right entities how are interested to invest through the channel of private placements.

**6. Structured Finance:** Some financial needs are not satisfied through conventional financial instrument. For those needs, our team provides structure finance services to facilitate those needs that are not fulfilled by conventional financial instrument.

7. **Risk management:** There is no business or investment option without risk. We help our client to identify, analysis and acceptance or mitigation of uncertainty. Our team helps to quantify the potential for losses and then take the appropriate action.

8. **Investment Research:** Our firm's most prestigious and visible strength its research capabilities. We have gained investment analysis expertise to develop underwriting and money management businesses. Through these capabilities, we provide best in class services to our customers.

9. **Public Finance:** Our team enables the raising of money for governments (“sovereigns”) at all levels: national governments, state governments, county and municipal governments. We also work with national governments in the privatization of government assets.
